

Casas del Rey Bobal - 100% Muscat

NELEMAN

Neleman wines are Spanish organic wines of Valencia heart. With special attention for local authentic grapes, reflecting the soil and region. Each wine has its own personality and you can taste the passion and love its been made with. We allow nature to do its work. Good wine is made in the vineyard.

VINEYARD & TERROIR

The Neleman wines reflect the aromas and flavours of a precious and perfect terroir. The soil is white limestone with a surprising whiteness on the surface. When it dries up, the upper layers form a natural barrier, restricting evaporation. This reserve of moisture contributes to the roots development.

GRAPE VARIETY

100% Muscat

VINIFICATION & AGEING

The vines we harvest for this 100% Muscat come from a semi-high altitude area of Valencia. Perfect for what we are looking for: aroma and freshness. With a warmer, more Mediterranean profile. We harvest the Muscat bunches by hand and, once in the winery, we cool the grapes to 0°C and process them on our selection table, with direct transfer to the press. The wine ferments at low temperatures for a total of approximately 20-25 days, a slow fermentation that allows us to preserve the aroma, which is very important in Muscat. After fermentation, it is sent to stainless steel tanks to maintain the liveliness, freshness and aromas of the wine and is bottled immediately.

TYPE

White wine, crispy, fresh, aromatic. Organic and vegan.
750 ml

ALCOHOL CONTENT

13%

TASTING NOTES

This is a highly expressive Muscat white wine. When you bring your nose to the glass, the wine says it all: white flowers, jasmine, roses, citrus fruits such as lemon peel, and peaches in syrup. It has a high, fresh acidity that makes it highly pleasant on the palate. It is an unctuous wine and the citrus and floral aromas we saw on the nose reappear on the palate. It is a dry wine, without sugar, with a medium-long aftertaste.

FOOD PAIRING

Salads with fruit (peach, orange), fennel and citrus salad, tabbouleh, grilled vegetables

SUSTAINABLE POINTS

- Organic
- Vegan
- Sustainable packaging: Light bottle; green cap closure, one layer of aluminium instead of three.
- We are part of IWCA - International Wineries for Climate Action, a global initiative dedicated to reducing greenhouse gas emissions and achieving climate neutrality in the wine industry by 2050.
